

Puri-Bent

Other Names

Purified Bentonite

Description

Puri-Bent is an extremely pure bentonite obtained from the highest quality montmorillonites. Obtained by means of a special purification treatment, the result is a bentonite with extraordinary adsorption capacity. With its high clarifying power, Puri-Bent acts by removing proteins and polyhydric phenols. It is recommended for use in all musts or wines and its high swelling power insures lower dosage rates.

Properties

- Pure extract of Montmorillonite
- Complies with E.C. food additive specifications and Codex Oenologique International

Directions for use

Rehydrate the dose in water and allow to swell for an hour or two. Add to the must or wine by pumping over.

Hazard Warning

Eye and hand protection recommended.

Dosage

1 – 4 lbs / 1,000 gallons.

Packaging

25 Kg Bag
