

**CLEANERS**

## CaustiClean K

**Application**

CaustiClean K is a low-foam non-chlorine potassium hydroxide dry cleaner for interior tank cleaning & CIP applications.

**Description**

CaustiClean K has very low sodium content that is safe on soft metals and produces more effective results than plain dry caustic or KOH. It rinses faster, saving water and time.

**Properties**

**Appearance:** Off-white, granular flakes

**Scent:** Slight odor

**pH of a 1% solution:** 12–14

**Directions**

Dosage will vary depending on soil level, surface being cleaned, equipment manufacturer specifications, etc. Please consult your ATPGroup Cleaning & Sanitation Specialist for advice on your particular application.

**Storage**

Store in a cool, dry, well-ventilated place away from incompatible materials.

**Packaging**

50 lbs. and 350 lbs.

Please refer to the SDS for safe handling requirements.
