

## CLEANERS

## MINERAL MASTER

Heavy Duty Acid CIP Cleaner

**Properties**

MINERAL MASTER is a blend of concentrated phosphoric acid and nitric acid along with a superior, low-foam surfactant package to ensure adequate cleaning of surfaces. MINERAL MASTER is an ideal choice for acid CIP washes as well as a removal of mineral scale caused by hard water.

**Applications**

MINERAL MASTER is intended for use in industrial and food processing facilities. MINERAL MASTER is ideal for CIP, scale removal as well as various other applications requiring a high-grade acid blend.

**Physical Properties**

Color	Colorless/Clear
Scent	Odorless
Density (20 °C)	10.06 lbs./gal
pH (1%)	< 2

**Directions for Use**

Typical use rates are 1-10 fl. ounces of product per 1-10-gallons of water depending on the application.

**Packaging**

This product is available in 5 gallon pails and 55-gallon drums.

**Transport (DOT)**

1760, Corrosive liquid, n.o.s (Phosphoric acid and Nitric acid mixture), 8, PG III.
