POP

TOSSWARE POP

Product Features

 **BPA FREE**
Made with none of the harmful chemicals

 **CRYSTAL-LIKE CLARITY**
Our high quality polymer and special process produces beautiful clarity

 **LIDS**
Made for spill-proof convenience with an added touch of function: a push-in straw hole

 **100% RECYCLABLE**
Made to be used again by being 100% recyclable

 **SHATTERPROOF**
Gone with broken glass! We'll keep you worry-free of shattered glass

 **PATENTED AERATOR**
Efficiently oxidizes wine to awaken its flavors, or use as a strainer for fruity beverages

 **ROUNDED RIM**
Delivers the look and feel of high-end glass

 **STACKABILITY**
Patented Pop 'n Lock™ interlocking stackability saves space

 **RECYCLED BOTTLE CONTENT**
Made with PET and up to 3 recycled water bottles per cup.

TOSSWARE®

This innovative drinkware gives you the best of both worlds: the elegance of glass without the fragility. The result is party-proof glassware, made from top-grade crystal-clear BPA-free PET polymers: sustainably sturdy, shatterproof, and recyclable — in short, big parties made low maintenance! Add your logo and it's a take-anywhere, use-anytime shout-out to your brand.

DID YOU KNOW? TOSSWARE is made with the highest quality, crystal clear, BPA-free PET / rPET polymer. Their mission is to save the Earth one disposable cup at a time by creating products that also promote sustainable lifestyles.

TOSSWARE®

TOSSWARE® POP Interlocking System

ATPGroup is the distributor of Tossware® drinkware to tasting rooms, hotels, party rental companies, and food service organizations. We believe in Tossware's commitment to sustainability and their goal of delivering products that provide maximum fun and style while minimizing environmental impact. Each POP product contains up to four recycled water bottles. That's something to celebrate.

For 30 years ATPGroup has been the leading supplier of unparalleled high-quality products and services to the wine, beer and food and pharmaceutical markets.
