

CLEANERS**KLEAN CIP LIQUID**

Heavy duty low-foaming KOH detergent for CIP systems

Properties

Klean CIP Liquid is a caustic based low foaming cleaning compound that is designed for use as a spray cleaner, in soak and CIP cleaning, and makes an excellent heavy-duty cleaner for all types of cleaning in and around the plant. **Klean CIP Liquid** also has hardness inhibiting polymers to prevent scaling and detergents to speed the rinsing process, thus saving water.

Applications

Klean CIP Liquid is intended for use in the removal of heavy organic soils in and around the brewery, winery, distillery or food plant processing operation.

Physical Properties

Color	Colorless, clear
Scent	Mild
Density (20 °C)	1.407 g/mL (11.72 lbs./gal)
pH	>12

Directions for Use

Typical dilution rates will vary depending on type of soil, duration of soil on surface and other factors.

General use recommendations are as follows: dilute 3-12 fl. oz. per gallon of water. 140-160 °F is optimal. Allow detergent to circulate or soak for 10-15 minutes or longer depending on degree of soil. Afterward, use a fresh water rinse. An additional rinse with a mild acid may be needed to remove any residual alkalinity prior to the final sanitizing step.

Packaging

This product is available in 5-gallon pails, 55-gallon drums and 250 gallon totes

Important: Read and understand label and Safety Data Sheet (SDS) for complete listing of hazards, precautions, first aid statements, and storage and handling information. MSDS Sheets are available from the distributor of this product. 24-Hour Emergency Response Line 1-800-262-8200.
